Harvey,
If the IIN ever gets updated again, the TurboMeca P/N for the 706A33-201-001 is 9945000160. This is what we will be ordering.

Thx

Thanks for the confirmation Dan!!

Yes, the 706... is a purchased part. It may be from Airbus or it may be from Turbomeca/Safran (engine manufacturer.

No, the DSI is only for people who received the older version of the tank. They should be getting all the necessary bits with the current kits.

Thanks for the reminders!!

Going through the BOM for D350-822-011/013, part #706A33-201-001 has been added. According to Linda this is a Airbus number. Can you confirm this part number I can't seem to find it in the system and is this a purchased part? Also should DSI9723 be changed to accommodate the changes made on IIN350-822 Rev. G?
